

## Support for Unlock Workers

Sometimes the work of an Unlock Local Development worker can feel isolated. You may be working far from the Unlock National Office and only see other Unlock workers very occasionally. It is important that you feel supported in your work for Unlock and there are a number of ways we try to achieve this.

### **National Office**

The Unlock National Office is there to support your work. Consult them if you need any support or resources, if you want to check out your ideas or run into any difficulties - [office@unlock-urban.org.uk](mailto:office@unlock-urban.org.uk)

### **Chief Officer**

The Chief Officer is your line manager and will visit you at least once each year. Her role is to train and support you for your work. [dawn@unlock-urban.org.uk](mailto:dawn@unlock-urban.org.uk)

### **Unlock Local Team**

Our requirement is for every Unlock worker to be part of an Unlock Local Team (ULT). This will give you face to face contact with people rooted in your work area who share Unlock's concerns. Their role is to help you make links with local networks and churches, to alert you to local needs and issues, to encourage you and offer you local feedback and insights. They are also responsible for helping you to secure a legacy for your Unlock project in the local area. If at any time you feel this is not working effectively you should alert the Chief Officer who will try to ensure that you get the local support necessary for your role.

### **Prayer**

A team of about 400 people are standing by to support your work in prayer! They have volunteered to pray regularly for Unlock's work and receive a regular Unlock Prayer Letter which is devised and circulated by a small team of volunteers. If you have matters, relating to your work for Unlock, that you would like this network to pray about please let the National Office know about them so that they can be included in the next issue. If you would like to receive a copy of the prayer letter, you can arrange that through the office too.

### **Relating to other workers**

Via the Workers section of the Unlock website [www.unlock-urban.org.uk/our\\_workers.php](http://www.unlock-urban.org.uk/our_workers.php) you can find contact details for Unlock workers in other parts of the UK so that you can keep in touch with them.
