

Some Creative Techniques from the Hull “Unforgotten” Event

The Ark

Materials: Cardboard boxes from a bicycle shop. Plastic ties from a hardware shop.

Method: Make 2 holes through both bits of cardboard with a screwdriver or sharp scissors. Thread tie through and pull tight.

Objects to put in the Ark

To represent items, things or people that are important to you and that you would save if you were flooded. Made out of miscellaneous bits of cardboard, bits and pieces and tape.

Flood of Forgetfulness

Materials: White cloth, masking tape, fabric dye or paint, brushes

Method: Use masking tape to write words or “draw” a simple picture or symbol to represent the thing(s) you desire to get rid of, to leave behind, to forget in the flood. Press the tape down. Paint swirly lines over the top and around the tape. Leave for an hour. Peel off the tape to reveal the white stencil.

Bringing it all together
